

# Eco School News

## Eco Success.

The eco committee have been working hard and met with Catrin from Eco-Wales who was pleased with all their hard work and initiatives and once again our platinum award was renewed for a fourth time. Well done everyone we are super proud of you all.

Eco Club and committee annual trip 🌻

## Eco trip.

Once again the eco-committee and eco club were invited to Drs Gibbs garden for our tour of their magnificent grounds. The children and staff all enjoyed themselves, looking at land earning about flowers, trees and pond dipping . We all enjoyed our

## Prince William Trust.

As part of their work on the Prince William scheme years 5 & 6 went to Llygaog community garden to tidy it up. They all worked really hard and the residents are pleased with the results. Well done everyone who helped, you should be proud of yourselves.

## Bee Friendly!

Dosbarth Celyn enjoyed Reggie's prize, a visit from a bee keeper, and they spent the afternoon creating their very own bee hive ready to welcome some visitors.

## Planting

Eco Club have been busy planting in the quad area and creating wooden spoon labels so we all know what to look out for !

## Recycling.

The eco-committee decided to purchase some new bins for school to encourage recycling of plastic and all the tooth brushes the foundation phase use ! We are still recycling batteries too, remember to send yours in.

## Sun Safety.

Tenovus visited school and gave a talk to the whole school about the importance of staying safe in the sun. Als well as how we can find the best sun cream with uv protection, 5\*.

Remember to : reduce, reuse and recycle!
